1 – SUBJECT MATTER AND SCOPE OF APPLICATION OF THE GTC: **1.1** Any order implies acceptance by the Buyer of these General Terms of Sale of Stepan Polska sp. z o.o. with its registered seat in Brzeg Dolny, address: Urazka St. 8 (A,B,C), 56-120 Brzeg Dolny, entered into Register of Entrepreneurs of National Court Register held by District Court for Wrocław – Fabryczna, VI Commercial Division of National court Register under KRS no 0000038006, with tax identification number 9170000133, and with share capital of PLN 135.200 (hereinafter “Stepan”), and the Customer Service and Delivery Standards of Stepan, the latest version of which is available on www.stepan.com, as supplemented and/or modified where applicable by waivers or additional clauses accepted in writing by Stepan. **1.2** These General Terms and Conditions shall prevail over any other document of the Buyer, and in particular over any general terms and conditions governing purchases, unless Stepan expressly agrees otherwise beforehand. These General Terms of Sale shall apply to all sales of products by Stepan, unless the parties agree otherwise in writing prior to the order being placed. **1.3** Any document other than these General Terms of Sale, supplemented and/or modified where applicable by waivers or additional clauses, and in particular catalogues, prospectuses, advertisements, notices, shall merely be informative and indicative and shall not be contractually binding. **1.4** The Buyer may not transfer these general terms and conditions, any waivers or additional clauses without Stepan's prior written consent.

2 – ORDERS: **2.1** Any offers that are made verbally by Stepan shall not be binding. Orders sent to Stepan either directly or through its representatives, agents or distributors shall only be considered as firm upon written confirmation by Stepan. **2.2** The term ‘order’ shall mean any order for Stepan's products as shown on its price lists which is confirmed by Stepan, together with the payment of any instalment as provided on the order form. Once transmitted to Stepan, orders shall be binding on the Buyer and may only be cancelled with Stepan's written consent. **2.3** Any request for a modification of the composition or of the volume of an order placed by the Buyer shall only be taken into consideration by Stepan if the Buyer requests this in writing, and the request reaches Stepan at least eight (8) days before the date on which the products are due to be dispatched in accordance with the initial order. Once this timescale has elapsed, the Buyer's order shall be deemed to be firm and final and must be paid for by the Buyer. Should the Buyer modify the order, Stepan shall no longer be bound by the timescales initially agreed for its execution.

3 – PRICES: **3.1** The prices of Stepan's products shall be the prices shown on its price list on the date on which the Buyer places its order for these products. The prevailing price shall include any discounts that are applicable. Stepan may revise its prices at any moment in time, subject to prior written information of the Buyer. Any price changes shall automatically apply to orders placed after the date mentioned on the new price list. **3.2** All of Stepan's prices are quoted net of any tax. **3.3** The price charged to the Buyer by Stepan may only be modified on the date on which the products are dispatched if the order is affected by new statutory or regulatory provisions or in case of a change of more than 1% in the cost of the raw materials. **3.4** Any newly introduced or increased tax, duty or levy, such as VAT, customs duty, etc., as well as any increase in the costs of transportation which occur after the order is placed and which impact the price of the products sold shall be borne by the Buyer.

4 – PACKAGING: Unless the parties agree otherwise, the packaging shall be chosen and prepared by Stepan. Unless Stepan states otherwise, the packaging shall be included in the prices quoted and shall not be taken back.

5 – DELIVERY: **5.1** The delivery timescales are merely indicative and are not binding, being dependent on the availability of the carriers and on the sequence in which orders are placed. Stepan shall endeavour to comply with the delivery timescales that it quotes upon acceptance of the order. Any delay in delivery shall not give rise to any penalty, compensation or damages nor shall it justify the cancellation of the order. Any delay related to the initially quoted indicative delivery timescales shall not justify the rescission of the order placed by the Buyer and confirmed by Stepan. **5.2** Stepan's products are sold by weight ex-works or ex-shipper's depot, and the weights accepted and acknowledged by the carriers shall be definitive. In view of the nature of Stepan's products, variations of plus or minus ten percent (10%) related to the quantities ordered shall be tolerated without the Buyer being entitled to raise any claim. **5.3** Unless otherwise agreed by the parties, the transfer of the risks and responsibility over the products sold by Stepan shall be determined by the Incoterm 2010 EXW sender's factory or depot. **5.4** The Buyer is solely responsible for vindicating its rights against the carrier, in case of damaged or missing products upon delivery, by raising all the appropriate reservations with the carrier within the timescales and in keeping with the formalities dictated by the rules that normally apply to such matters. Any product for which no reservations have been raised by means of a letter sent to the carrier by registered post with acknowledgement of receipt within 3 days following receipt of the products, with a copy sent concurrently to Stepan, shall be deemed to have been approved by the Buyer. For the avoidance of doubts, the statutory guarantee (*rekojmia za wady fizyczne i prawne*) is hereby excluded after the lapse of the abovementioned 3-days period after the delivery. Any claims raised by the Buyer under the terms of this article shall not warrant the Buyer's suspension of payment for the products involved. Stepan shall not be liable under any circumstance for events which occur during the transportation of the products, nor for destruction, damage, loss or theft, even if Stepan chose the carrier in the first place. **5.5** Subject to those measures which the Buyer must take vis-à-vis the carrier, as described in article 5.4, in case of visible defects or missing products, claims concerning the products that are delivered shall only be considered by Stepan if they are made in writing, by means of a letter sent by registered post with acknowledgement of receipt, within the timescale of three (3) days stipulated by article 5.4. Upon expiry of this timescale, the Buyer shall be barred from invoking the non-compliance of the products or from raising such non-compliance as a counterclaim to defend itself against an action by Stepan to recover moneys that are owed to it. It is up to the Buyer to produce any evidence to demonstrate the reality of the defects or missing products found. The Buyer may not return any products to Stepan without first securing the latter's prior express consent. The costs of returning the products shall only be borne by Stepan if it or its representative effectively acknowledges a visible defect or missing products. Only the carrier chosen by Stepan may be used to return the products. If, upon checking the returned products, Stepan or its representative does find a visible defect or missing products, the Buyer may only request that Stepan replace the faulty product and/or provide whatever products are required to make up the acknowledged shortfall, at Stepan's expense. The Buyer shall not be entitled to any compensation nor to rescind the order. The Buyer's acceptance without reservations of the products that are delivered shall cover any visible defect and/or missing products.

6 – TERMS OF PAYMENT: **6.1** Stepan's invoices shall be payable without any discount for early payment on the due date set forth on the invoice, which cannot be more than 60 days after the date of the issuance of the invoice. They shall be payable to the registered address of Stepan, unless the parties agree otherwise, by any payment means approved by Stepan. **6.2** Depending on the financial position of the Buyer, Stepan shall be entitled to cancel any payment terms granted for current and future

orders, and to request guarantees or stricter terms of payment, such as payment before delivery. **6.3** In case of phased delivery of the products covered by a given order, the invoices corresponding to each delivery shall be payable on their respective due date, without waiting for all of the products ordered to have been delivered. Should the Buyer request a deferral of payment and this is accepted in writing by Stepan, provided that payment is still due to take place within the abovementioned period of 60 days, the moneys due shall accrue statutory interest. **6.4** In case of late payment of all or part of an invoice for which payment is due, Stepan shall be entitled to suspend any pending and/or future deliveries and shall be entitled to request, by issuing a mere summons, immediate payment of any moneys that are owed to it, even if they are not yet due, notwithstanding its right to also rescind any pending sales. **6.5** Should the Buyer fail to pay all or part of the price due on time, whatever the reason for this, then unless Stepan prefers to request full and complete execution of the sale, Stepan shall be entitled to request the return of the products as of right and without any formalities at the expense, risk and responsibility of the Buyer, without this return being tantamount to a rescission of the sale. Any down-payments already paid shall then accrue to Stepan as penalties, without detracting from its right to claim any other damages. **6.6** Finally, any moneys that are not paid on their due date shall accrue maximal interest provided for by Polish law for late payment as of right and without the need for a reminder. **6.7** In accordance with § 6 of the Minister of Finance Regulation from 28 March 2011 on the tax return for the taxpayers, invoicing, storing of invoices and the list of goods and services, to which the exemptions from taxes on goods and services are not applicable, the drafting of invoices by the Buyer shall be subject to a prior written mandate from Stepan in the agreed procedure of acceptance and to Stepan's express approval of each invoice.

7 – RETENTION OF TITLE: **7.1** The products shall remain the property of Stepan until full payment of the price set forth on the invoice. **7.2** The Buyer acknowledges that Stepan may invoke its rights under this retention of title clause in connection with any one of its receivables, over all of its products that are in the Buyer's possession, which shall be deemed to be the ones that have not been paid for, and Stepan shall be entitled to repossess them or claim them back as compensation for the non-payment of any of its invoices. **7.3** Should bankruptcy or court-ordered liquidation proceedings be brought against the Buyer, all pending orders shall automatically be cancelled and Stepan shall be entitled to claim back any of its products that are in the Buyer's stock. **7.4** This clause shall not prevent the risks over the products from being transferred to the Buyer upon delivery to the carrier, and throughout the duration of the Seller's lien over the products. The Buyer shall act as the trustee bailee of the products as of their delivery. **7.5** Any element of individualisation of the products (trademark or other indications affixed on their packaging, location set aside specifically for storing the products in bulk, etc.) must be carefully maintained so as to ensure that Stepan's ownership of all the products that are delivered is always clear.

8 – GUARANTEES: **8.1** The Buyer must check the products upon delivery, and any claim, reservation or challenge concerning missing items and visible defects must be raised in keeping with the terms of article 5. In case of visible defects, any products that are acknowledged as defective by Stepan shall be replaced by the latter. The Buyer must provide any useful evidence as to the reality of the defects found, Stepan being entitled to directly or indirectly carry out any inspection and checks on site. **8.2** Stepan shall only have to replace any defective goods free of charge under the warranty against defects hidden insidiously (*wada zatajona podstępnie*), the Buyer being barred from claiming damages on any grounds whatsoever. **8.3** Our warranty only covers goods which have duly become the property of the Buyer. It shall only apply to products that are entirely manufactured by Stepan. The warranty shall be voided by any inappropriate or unforeseen use of Stepan's products.

9 – EMBARGO: The Buyer pledges to ensure that neither it nor its representatives, its senior officers or its employees feature on the lists drawn up by the European authorities and the US Office of Foreign Assets Control (the US regulator for such matters) under the applicable embargo regulations.

10 – FORCE MAJEURE: With the exception of payment obligations, all of the obligations of Stepan and of the Buyer shall be suspended in case of force majeure. The following shall for instance be deemed to constitute force majeure: natural disasters, fires, explosions, acts of vandalism, strikes, other forms of labour unrest, armed conflicts and civil conflicts, as well as failures to deliver or faulty or late deliveries by suppliers or carriers, and interruptions in the operation of the public services, the telecommunication infrastructure or any computer systems. Any case of force majeure must be notified to the other party within 5 days.

11 – RENUNCIATION: Should Stepan not avail itself of any of the provisions of this contract at any point in time, this shall not be tantamount to a renunciation to avail itself of these same provisions subsequently.

12 – APPLICABLE LAW AND SETTLEMENT OF DISPUTES: **12.1** These General Terms of Sale as well as the sales that they regulate shall be exclusively governed by Polish law to the exclusion of the United Nations Convention on the international sale of goods dated 11 April 1980. **12.2** Stepan shall be deemed to be domiciled at its registered headquarters. **12.3** Any dispute concerning the application, the interpretation, the execution of these terms and conditions and the contracts for sale signed by Stepan, or concerning payment of the price due by the Buyer, shall be brought before the court of territorial jurisdiction of Stepan, whatever the place of the order, the delivery and the payment, even in case of rejoinder or multiple defendants. **12.4** This settlement of disputes clause shall apply to all kinds of proceedings, be they primary proceedings, incidental claims, actions over the substance or summary proceedings. **12.5** Moreover, in case of legal action or any other action to recover debts brought by Stepan, the costs of issuing summonses, of going to court, as well as lawyers' fees and bailiffs' fees, and all ancillary costs, shall be borne by the Buyer if the latter is liable.

13 – CONFIDENTIALITY: For the duration of this Contract and for three years following the termination or expiration of this Contract, including any Purchase Order hereunder, Buyer will hold the terms of this Contract, including the Products named, pricing, volume and delivery terms, in confidence as Confidential Information of Seller, and Buyer will not disclose Confidential Information to any third party or use the Confidential Information for any purpose other than Buyer's performance under this Contract.

14 – LIMITATION OF LIABILITY: Stepan shall not be liable for any special, indirect, economic, incidental, exemplary, punitive or consequential damages of any kind incurred by buyer or anyone else arising out of or in connection with the product, this contract or any breach of this contract including, but not limited to, any loss or damage resulting from the use of the product in buyer's manufacturing processes or in combination with other substances. In no event shall a party's liability arising from this contract exceed the purchase price of products in relation to which the liability arises or \$1 million, in the aggregate and over the term of the contract, whichever is less, except when the liability arises from a violation of law, breach of representation or warranty regarding intellectual property, or intentional or willful misconduct by that party's employees, affiliates, or representatives.
